Recovery Audit Contractor/Zone Program Integrity Contractor

RACs and ZPICs

Baya Maitland, RN

AdvancedMed

Program Safeguard Contractor

CMS

CONTRACT MANAGEMENT & REPORTING SERVICES

Why RACs and who are they?

- Hired by CMS to reduce improper payments through efficient detection and collection of overpayments, the identification of underpayments and the implementation of actions that will prevent future improper payments.
- Recovery Audit Contractors
- Paid on a contingency basis
- There will be a database that will exclude claims that have been previously reviewed by a contractor or are part of a BI investigation

Financial Impact of the RAC demonstration project

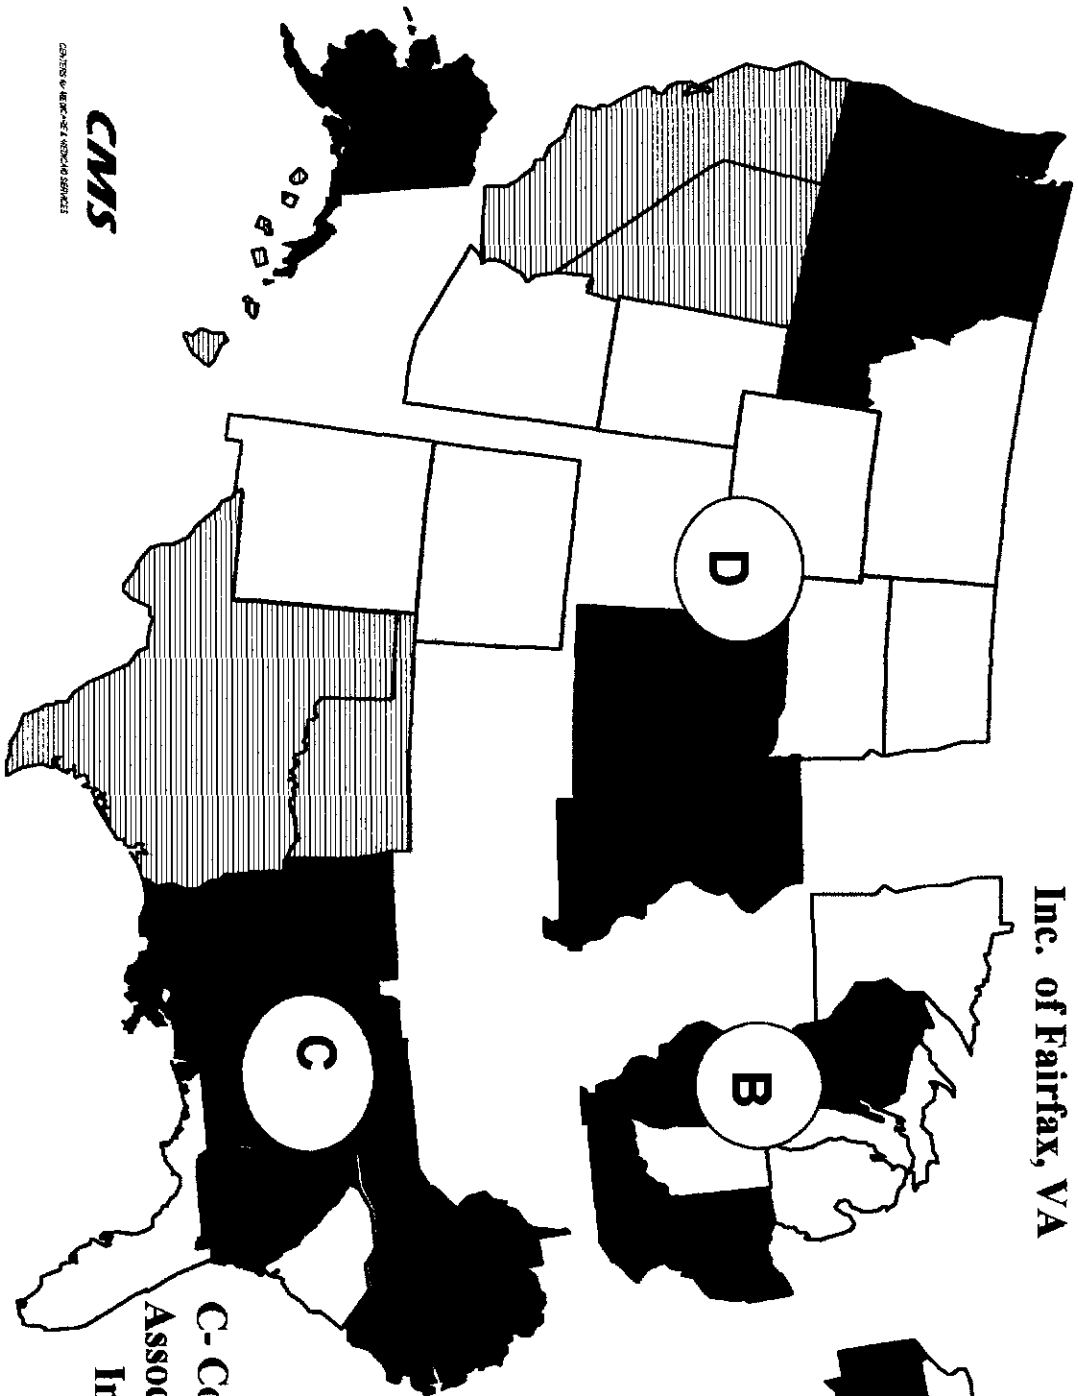

- Demonstration project from 3/05 through 3/08
- \$347,000,000.00 in overpayments
- \$332,900,000.00 in Medicare dollars overpaid
- Use public information from Office of Inspector General (OIG) and General Accounting Office (GAO)
- Became permanent through the Tax Relief Act
- Will be expanded nation wide January 1, 2010

Associates,
Inc. of Wilton, CT**

March 1, 2009

March 1, 2009

**August 1, 2009 or
later**

Pressure from the provider community:

- Look-back period changed from 4 years to 3 years
- Maximum look-back date is 10-1-07
- Mandatory use of certified coding experts
- Payback of the contingency fee will occur at all levels of appeal
- Must have a Medical Director
- Credentials of reviewers must be provided under the permanent program
- External validation process mandatory under the program

Examples of Audits

- Units billed in excess of one
 - Blood transfusions
 - Appendectomy
 - Data would be the determining factor
- One day admissions for back pain
 - Would require medical record review for validation

Based on LCDs and Coding guidelines

CMS

CENTERS FOR MEDICARE & MEDICAID SERVICES
